A CURE FOR ALL!

HOLLOWAY'S OINTMENT AND PILLS.

To Citizens of the United States

You have done me the honour, as with one voice, from one end of the Union to the other, to stamp the character of my Ointment with your approbation. It is scarcely two years since I made it known among you and already, it has obtained more celebrity than any other Medicine in so short a period

ASTONISHING CURE OF SORE LEGS AFTER NINE YEARS STANDING.

Copy of a Letter from Mr. W. J. Langley of Hendersville, Wilson county North Carolina, U. S., dated November 3d, 1852.

☞ READ HIS OWN WORDS ☜

To Professor Holloway

Sir—It is not my wish to become notorious, neither is this letter written for the mere sake of writing, but to say to you if your Ointment cured me of one of the most painful complaints that flesh is heir to, and which was considered by all who knew me to be quite beyond the reach of medicine. For nine years I suffered with one of the most painful and loathsome sore legs that ever fell to the lot of man, and after trying every medicine that I heard of I despaired of ever finding a cure, but a friend of mine advised me to try a few boxes of your Ointment which caused me to begin to hope. And I continue rejoiced to say that in the very shortest time I had the pleasure to see the sincerest delight and gratification of my friends.

(Signed) W. J. LANGLEY.

AN EXTRAORDINARY CURE OF A BAD BREAST WHEN NEARLY AT THE POINT OF DEATH

Copy of a Letter from Mr. R. Durant, New Orleans, November 9th, 1853.

To Professor Holloway 38, Corner of Anna and Nassau streets, N. Y.

Sir—I feel it a duty I owe to gratitude I have to impart to you that my wife has been cured by the use of your Ointment and Pills. For seven years she had been afflicted with running wounds, (not of a cancerous nature) I want to say that nothing could move her to abandon and resolve to use your Ointment and Pills, in the short space of three months, they effected a perfect cure to the amazement of all who knew us. We obtained your medicines from Messrs. Wright and Co. Chartres street, New Orleans. I send a circular that did the process. Pills although I had written for New Orleans, before we finally left us that the best thing was your address at New York.

McFarland's BURGLAR and FIRE PROOF SAFES!

THE undersigned would respectfully call the attention of the public to the above unequalled Safes in preference—proof against the most scientific attempts to force them as well as the most skilful burglar. In MERRILL'S JEWELLERS and BANK DIRECTORS we would only say, examine them and the proofs, and you will be convinced of their superiority over all other manufactures.

Our business is done in a plain, straightforward way without resorting to pamphlet or large talk.

Below some of the many testimonials we are daily receiving from all parts of the country and which speaks for itself. Messrs Pond & Hitchcock's Oil Store was situated directly under the Pearl st house and was totally consumed in that great fire of August 23d

NEW YORK, Aug 23 1853.

Messrs Wm McFarland & Co

Gents—It affords us pleasure to inform you that the Fire and Burglar Proof Safe we purchased of you preserved our books and papers at the disastrous fire of the Pearl st House, last evening, in the most perfect manner. Although it was covered throughout the fire with burning Rosin, and other Oils, and directly under a broken gas pipe, in the most intense heat it remained true to its name and its contents when taken out were not even scorched and hardly bore the smell of fire. To any one who is in want of a superior Safe a perfect safeguard against fire we cheerfully recommend your manufacture, having had a personal experience of their excellence. Yours truly

CITY OF BANGOR.

AN ORDINANCE *for the reorganization of the Fire Department.*

Sec. 1. Be it ordained by the Mayor, Aldermen and Common Council of the City of Bangor, in City Council assembled, That the Fire Department shall consist of a Chief Engineer, and not less than three Assistant Engineers, and of three companies, each of which is to consist of forty men, and of such additional companies, as shall hereafter be established by the Mayor, and Aldermen.

Sec. 2. Be it further ordained, That the Mayor and Aldermen shall from time to time form such additional Engine Companies as the wants of the City may require, but no Company is to exceed forty men in number.

Sec. 3. Be it further ordained, That no person under the age of twenty one years, shall be admitted into any company belonging to the Fire Department.

Sec. 4. Be it further ordained, That the Chief Engineer shall be elected annually by ballot in the month of March by the members in convention, and at such other times as occasion may occur.

Sec. 5. Be it further ordained, That the Chief Engineer shall have the power to appoint as many Assistant Engineers, as designate their rank, subject to the approval of the Mayor and Aldermen, as there are Engine Companies.

Sec. 6. Be it further ordained, That the Engineers shall have, and exercise all the powers, and be subject to all the duties of Fire Wards.

Sec. 7. Be it further ordained, That the Chief Engineer shall appoint the Foremen, and shall have the power to remove the same. But if any Fireman is aggrieved at his decision he may appeal to the Board of Assistant Engineers with shall have power to reinstate him.

Sec. 8. Be it further ordained, That each Engine Company shall choose a Foreman, two Assistant Foremen, and a Clerk, all of whom shall be confirmed by the Chief Engineer. Each Company shall also choose a roll of its members to be made and kept, and called at each fire, false alarm, and at each meeting of the Company, and note on said roll all who are absent.

Sec. 9. Be it further ordained, That each member of any company, who shall be absent from any fire, False Alarm, or meeting given to said Company, unless for a satisfactory excuse, shall be fined as follows—Absence from a fire, one dollar, absence from False Alarm when five cents, and absence at a Company, twenty-five cents. The Clerk of the Company shall report quarterly to the Chief Engineer all the absences of each member taken from the roll call, and each member, for fines ordered. That the Chief Engineer shall be paid, annually, the sum of three hundred dollars, such sum of fifty dollars, and twenty-five dollars, on the first Monday of January of each year. But any fireman who shall serve less than one year, shall be entitled only to such compensation as the Chief Engineer shall determine. The members of the several companies shall be paid such sums as may be ordered by the Mayor and Aldermen on the first Monday of January of each year, with the amount of fines due from each member. The Clerk shall report to the City Clerk such sums yearly, due to citizens by the Chief Engineer, for services rendered at fires which may have happened within the city, and the sums thereof so found due shall be added, and the number of hackneys and the value of the property destroyed or injured, and the names of the owners, if known.

Sec. 10. Be it further ordained—That the City Council, by a concurrent vote, may remove either of said Engineers.

Sec. 11. Be it further ordained—That the Mayor and Aldermen may from time to time, form as many Hose, Hook and Ladder, Bucket and Fire Companies as they deem it expedient, to consist of such numbers of members as they shall determine.

Sec. 12. Be it further ordained, That the Engineers and members of the several Companies shall wear such caps and badges as the Chief Engineer shall direct, and the Mayor and Aldermen approve. They shall be furnished at the expense of the city and remain the property of the city. No other person shall be permitted to wear similar caps and badged except under such restrictions and regulations as the Chief Engineer may direct.

Sec. 13. Be it further ordained, That it shall be the duty of the City Marshal and Constables of the city, on an alarm of fire, to repair forthwith to the place where the fire may be, with their staves or such other badges of office as the Mayor and Aldermen shall direct, and use their best exertions under the direction of the commanding Engineer to preserve the public peace, and to prevent theft and the destruction of property, and assist in the removal of all endangered persons, for which services the Constables shall receive such compensations as the Mayor and Aldermen may allow.

Sec. 14. Be it further ordained, That if any citizen who may be present at any fire, shall obey the direction of any Engineer, and render their services in extinguishing the fire or preserving property exposed thereto, in such manner as they may be required to do by any Engineer, and every person who shall refuse, or neglect so to do on request of said Engineer, shall forfeit and pay to the city, the sum of Ten Dollars to be recovered in an action of debt in the name of the City Treasurer to the use of said City. And it shall be the duty of the Engineers to report to the Mayor and Aldermen, all such cases of refusal.

Sec. 15. Be it further ordained, That the Chief Engineer shall have the sole and entire control and command over all companies and acting pendent solely to the Fire Department, shall direct all proper measures for the extinguishment, or prevention and protection of property in preservation of order and observance of the fire laws, ordinances and regulations. It shall be his duty to examine the condition of the Engines, and other Fire apparatus, Engine Houses, and cisterns, ponds and wells used for the Fire Department, and all the reservoirs, now or hereafter to be constructed for the extinguishment of fires and to keep the reservoirs free from snow and ice during the winter; to superintend the building and repairing of all such cisterns and reservoirs used in the Fire Department, and all the city reservoirs. It shall be his duty to see that the cisterns and reservoirs are always kept clean and in order for immediate use, that on the return home from fires, they are well washed cleansed, and filled, and securely covered. He shall keep fair and correct books of the respective Engine Companies, specifying the time of attendance and discharge of each member, and report the same to the Mayor and Aldermen on the first Monday of January of each year, with the amount of fines due from each member. He shall report to the City Clerk such persons yearly, who have suffered by the which may have happened within the city, and the cause thereof so far as it can be ascertained, and the number of hackneys and the value of the property destroyed or injured, and the names of the owners, if known.

Sec. 16. Be it further ordained—That the City Council, by a concurrent vote, may remove either of said Engineers.

Sec. 17. Be it further ordained—That the Mayor and Aldermen may from time to time, form as many Hose, Hook and Ladder, Bucket and Fire Companies as they deem it expedient, to consist of such numbers of members as they shall determine.

Sec. 18. Be it further ordained—That the Engineers and members of the several Companies shall wear such caps and badges as the Chief Engineer shall direct, and the Mayor and Aldermen approve. They shall be furnished at the expense of the city and remain the property of the city. No other person shall be permitted to wear similar caps and badged except under such restrictions and regulations as the Chief Engineer may direct.

Sec. 19. Be it further ordained, That it shall be the duty of the City Marshal and Constables of the city, on an alarm of fire, to repair forthwith to the place where the fire may be, with their staves or such other badges of office as the Mayor and Aldermen shall direct, and use their best exertions under the direction of the commanding Engineer to preserve the public peace, and to prevent theft and the destruction of property, and assist in the removal of all endangered persons, for which services the Constables shall receive such compensations as the Mayor and Aldermen may allow.

Sec. 20. Be it further ordained, That if any chimney, stove pipe or flue, within the city shall take fire and be on fire, the occupant of the house, to which such chimney, stove-pipe or flue appertains, or the person or persons using the same or

shall forfeit and pay the sum of two dollars. Provided, however, it may be lawful for any person to set fire to his chimney, stove-pipe or flue in the forenoon of any day, when the chimneys and buildings are wet with rain, or covered with snow. And it shall be the duty of the Engineers to report to the Mayor and Aldermen the names of all persons liable to the penalty provided by this section.

Sec. 21. Be it further ordained, That the power of making and establishing rules and regulations on the transportation and safe keeping of gunpowder within the city of Bangor, and granting licenses for the keeping and sale thereof, within said city, pursuant to the provisions of law, shall be exercised and performed by the Chief and other Engineers and the power and duty of seizing any gunpowder kept or being within said city, or its harbor the sale contrary to the provisions of law, shall be executed and performed by said Engineers, or any one of them. And in case the seizure shall be made by any Engineer other than the Chief Engineer who shall cause said gunpowder to be libelled and prosecuted in the manner prescribed by law. And all the other powers and duties conferred and granted by the laws of the State in relation to the safe keeping and transportation of gunpowder shall be exercised and performed by said Chief and other Engineers.

Sec. 22. Be it further ordained, That whenever it shall be determined by two or more Engineers, or by the majority of any greater number of Engineers present, at any fire to pull down or demolish any building which may be on fire, or which it may be necessary to remove to prevent the spread of the fire, the same may be done by their joint order.

Sec. 23. Be it further ordained—That it shall be the duty of the Chief and other Engineers to cause and examine into all pipes and other places, where chaving ash or other combustible material may be collected, and deposited, and at all times to be vigilant in learning the removal of the same, when over, in the opinion of any three of them the same may endanger the city, and to direct the owner or occupant of such shop or other place, to remove the same, or cause the same to be removed, at his expense, under the direction of the Engineers.

Sec. 24. Be it further ordained, That when any chimney, stove, or stove-pipe within said city shall be defective or out of repair, or so constructed or placed that any building or other property shall be in danger of fire therefrom, it shall be the duty of the Chief Engineer or any two Engineers of the Fire Department, to give notice in writing, to the owner or possessor of said chimney, stove, or stove-pipe to remove or repair the same. And if such owner or possessor shall, for the space of forty-eight hours after such notice, unnecessarily neglect to remove or effectually repair such chimney, stove or stove-pipe, he shall forfeit and pay ten dollars; two dollars, for more than twenty dollars, and for each day he shall be in arrear for forfeiture for every week he shall unnecessarily neglect to remove or effectually repair the same, after the termination of the said forty-eight hours.

Sec. 25. Be it further ordained, That if said owner or possessor shall unnecessarily neglect to remove or effectually repair such a chimney, stove, or stove-pipe within forty-eight hours after notice as aforesaid, it shall be lawful for the Chief Engineer to remove or repair the said chimney, stove, or stove-pipe, the expenses of which may be recovered by an action of the case by the City Treasurer against the said owner or possessor.

Sec. 26. Be it further ordained,—That all moneys received for fines, forfeitures and penalties arising under this ordinance, and the laws of the State regulating the storage and transportation of gunpowder, shall be paid to the City Treasurer, to be applied in such way as is or may be provided by law.

Sec. 27. Be it further ordained,—That when the members of the several companies shall be assembled at fires or exercises directed by their proper officers, or company business, order and regularity shall be preserved. And it shall be the duty of the officers and members to refrain from unnecessary assembling at said houses. And the utmost care and economy shall be observed in the use of fuel, lights and other property furnished by the city.

Sec. 28. So it further ordained.—That any member of the City Council may enter within the limits, at any fire, wearing a suitable badge to be provided by the Mayor and Aldermen.

Sec. 29. Be it further ordained, That no Fire Engine or apparatus belonging to the city, shall be used in any trial or contest for superiority with any other Engine, or be taken out of the city except to render assistance at fires in neighboring towns, unless by special order of the City Council.

Sec. 30. Be it further ordained, That an ordinance establishing a Fire Department for preventing and extinguishing Fires, passed Oct 16 1838, and "An ordinance additional to the above passed Feb 3. 1851 be and the same are hereby repealed.

Passed Feb. 20, 1854.

THE AMERICAN'S FRIEND!

HOLLOWAY'S PILLS

To the Citizens of the United States —

I most humbly and sincerely thank you for the eminent patronage which you have bestowed upon my Pills. I take this opportunity of stating that my ancestors were all American Citizens, and that I entertain for all that concern America and the Americans the most lively sympathies so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York.

A CASE OF WEAKNESS AND DEBILITY, OF 10 YEARS STANDING CURED BY HOLLOWAY'S PILLS

Copy of a Letter from Captain John J Isaacs Astor House, New York dated January 5th, 1854.

To Professor Holloway, 38 Corner of Anna and Nassau streets, New York

Sir—It is with the most heartfelt pleasure I have to inform you that I have been restored to health and strength by taking your Pills. For the last ten years I suffered from a derangement of the Liver and Stomach and was reduced to such an extent that I have not been my ship, never expecting to go to Sea any more, as I had tried every Remedy that was recommended to me, but all to no purpose, and had given myself up to despair, when I was at last recommended to take your Pills. After using them for three months the result is that I am in better health than I have been for fifteen years past, and intend to go to sea once more in my life. You are quite at liberty to make this known for the benefit of others.

I remain, sir yours respectfully

PATENT SELF HEATING

SMOOTHING IRON.

MANY important improvements have been made since the beginning of the present century relieving and facilitating the labor of men by machinery and other modern implements, but few less have been nearly neglected until the introduction of the *Patent Self Heating Smoothing Iron* which will relieve them, in a very great degree, from the excessive and fatiguing labor on *Ironing*, besides being a great saving of time and expense. This Iron combines economy convenience, saving of labor and despatch, as can be seen by wards of dry charcoal supplies fuel for a whole days' constant ironing. Hard wood coal from the stove will answer the same purpose. It can be used in any room or in the open air. Hatters and Tailors' Irons are constructed upon the same principle and possess equal superiority.

CITY AFFAIRS.

In Common Council, April 17, 1854.

Petitions presented and referred—

Of John Dougherty et als to have Gridley street laid out—to Committee on Streets and Highways.

Of Albert W. Paine et als to have Cedar st, continued to Pond street, and that Pond street may be laid out from Union street to Whitney square—to same Committee.

Of Philip Morrell et als to have Glenburn road straightened and the hill near Martin Mower's house graded—to same Committee.

Of Z. P. Estes et als to have Parker street laid out from Third street to the Gas Works and from thence to Warren street—to the same Committee.

Of Patrick Wall et als to have stream from York street to Hancock street repaired—to the Committee on City Property.

Of E. C. Baker et als for school house at Burleigh Hill—to the Committee on Public Schools.

Communication of Chief Engineer of Fire Department relative to hooks and ladders and against the policy and practice of taking the engines to neighboring towns in cases of fire.

An Ordinance in addition to an Ordinance further providing for the regulation of the Police authorizing the appointment of twenty special Deputy Marshals. Passed to be ordained and to concur.

Reports accepted and Con. curred—

Resolve fixing the salaries of subordinate officers passed to be engrossed and acted upon as to concurrence.

Ordered to be on order to sit, notice and report upon the subject of division line between the city of Bangor and the town of Venzie where same runs in the centre of the public highways, with accompanying order.

Of Committee on By Laws on petition of C. P. Brown et als, for additional Constable, that the Prayer be granted.

Of Committee on By Laws and Police Regulations on petition of W. H. Wills for remedy for hogs going at large.

Of Special Committee on petition of B. L. Pomroy et als for remission of fines for violations of law for the suppression of drinking houses and tipling shops, that they are not aware that the city has authority to remit fines imposed in due process of law, and if the city does possess such authority it would be inexpedient to exercise it.

Of Committee on Public Schools on petition of Michael Boyce for the purchase of school house lot on Hudson street, that it is inexpedient for the city to sell said lot.

Orders passed in concurrence—

That the Commissioner of Streets be instructed to build a plank and gravel sidewalk on the west side of Broad street from the southerly end of Fiske block to Union street.

That there be elected two additional Constables.

That Aldermen Lord and Messrs Morrison and Sayward be a Committee to examine the overflows situated between Hammond and Court streets and between Court street and the Kenduskeag stream, and inquire into the expediency of having the excavation between Court street and said stream filled. That said Committee be directed to ascertain as nearly as possible the expense of having said bank removed by disposing of the earth to individuals, and likewise the expense by having it spread in said excavation. Said Committee to report such other facts connected with such property as they may think proper, and to have the power to employ an Engineer to assist in their investigations.

That the Street Engineers be directed to survey and report a suitable grade for Central street and bridge from Hammond to Harlow street.

That the City Marshal be directed to procure some suitable place for storage and safe keeping of liquors seized by the Police for violations of law, and to cause the liquors now stored in the basement of the City Hall to be removed when a suitable place is procured for the storage of the same.

That the Street Engineers be instructed to confer with the Selectmen of the town of Venzie and ascertain and report the best arrangement which can be made with said town in keeping in repair that part of Stillwater avenue through which the dividing line between said town and this city runs, and also regarding damages which may occur on the same. Said Engineers also in conjunction with said Selectmen to ascertain the boundary line between the said town and city, and put down stone monuments at suitable places on the same.

That the Committee on City Property inquire into the expediency of erecting a suitable fence to be erected around the burying ground and Locust road. Also for the exchange of a strip of land with Asa E. Crowell providing it can be done upon reasonable terms.

House Plants.

Our good as usual and skillful gardener, Mr Adam Sekenger, whose notice may be found in another column, has a new and large little green house on York street near Boyd street, where he is ready to furnish fine Roses of choice varieties and other House Plants thrifty and in fine order. Mr Sekenger now comes before the public for the first time on his own name, and we trust that his enterprise will be encouraged, so that he may make improvements, extend his business, gratify all tastes, secure every man's confidence, and realize a handsome income.

☞ A correspondent of the Bath Tribune states that J. G. Eveleth, Esq., of New Gloucester has recently sold to a company in New York, his interest in a patent rock pavement, for the sum of one hundred thousand dollars. Seven years ago he was teaching school winters, in this State, at thirty dollars a month, in order to pay, when due, his term bills in Bowdoin college. Skill, shrewdness, perseverance and integrity have made him a fortune.

☞ The Chief Engineer of the Fire Department has nominated Albert Dow as Assistant Engineer; and the name has been confirmed by the Board of Aldermen.

☞ Some of the people of Bath are engaged in an able discussion of their school system. A portion of the ox fogs take are in favor of lowering the qualifications for admission to the High School, the result of which would be to reduce all the schools one grade lower. The true friends of the schools there and the friends of the grading of schools show great ability in the discussion, and press how unprofitable an element a admission to the division of labor secured in graduated schools. Bath certainly cannot now be made to take a step backward in the great enterprise of educating her youth. The system of grading schools found in Portland and in other places, and will be very soon to have it abandoned in Bath. The man of wealth can send his children where he pleases, although it is better and cheaper for him to educate them in good public schools, but the middle interest and the poor men in the community have a mighty motive for keeping up the grade charters and efficiency of the public schools.

Postal Accident.

On Monday Mr Mary A. Smith of Massachusetts while in the employ of Messrs J. & A. B. Stone in erecting the Ischeque Bridge at Milford, fell from the top of the bridge at Milford, and was instantly killed. He was engaged in putting a brace into by a miraculous intervention he pushed forward and fell a distance of 55 feet striking on his head, and breaking in the side of it, and also broke his neck and ankle. The body was inspected by Dr. Bradbury, and his remains have been forwarded to the friends in Massachusetts. The next Penobscot is more fortunate.

A Fine Picture.

We have received from the publisher Mr W. Schuss 563 Broadway New York a fine large and beautiful engraving entitled the Emperors and Empress of Europe. It contains the likenesses of the Emperor of Russia the Sultan, Queen Victoria Louis Napoleon, the Emperor of Austria and head of Prussia. It is said that the likenesses are correct as we should think they might be, and they are certainly excellent as a work of art, and interesting as the present time. The engraving is sold at $1, a copy which is reasonable.

☞ A correspondent of the Boston Journal has satisfied himself by actual demonstration that the Bible may be read entirely through by a moderate reader in the short space of fifty-six hours. Such this newspaper can say done, as no one is expected to accomplish the task at once; but by even moderately economizing one's spare time day to day, the volume may be read, word by word, in seven times in 365 days, or in the short space of a year.

BRIGGS'
Green Mountain Vegetable CEMENT
FOR joining Broken China, Glass, Earthern Ware, Metals, Wood, Cabinet Work, and Fancy Articles of every description. This Cement, which has been proved to be of great strength, will be found particularly useful in every family. The simple manner of its application is alone a recommendation. The adhesive property which it contains is so powerful that many things will rather break in a fresh place than where they have been mended with it. The variety of purposes for which this may be used is numerous, that it would be difficult to enumerate them. Its success in mending Glass, China, &c., is extraordinary, to ordinary degree of heat after it is put on the joints are secured by it; even delicate articles of this kind may be made useful for years which otherwise would have been destroyed. The above article may be had, wholesale or retail, of GEO. W. EMERSON, No. 4 Smith's Block, General Agent for the State of Maine.

Bangor, April 11, 1854

STATE OF MAINE.
To Aaron A. Wing, of the city of Bangor, in the county of Penobscot, and one of the members of the Kenduskeag Log Driving Company.

GREETING:

Whereas, Aaron A. Wing, Samuel Thurston, and L. J. Morse, members of the Kenduskeag Log Driving Company, have applied to me, F. L. Hamlin, Esq., one of the Justices of the Peace within and for said county, requesting me to issue a Warrant to you, the said Wing, directing you to call a meeting of the members of said Company, to make choice of officers necessary for said Company, and to act upon such other matters as shall legally come before said meeting, to be held at the counting-room of Stetson & Co., on Saturday, the 29th day of April instant, at ten of the clock in the forenoon—

You are hereby required to notify and warn a meeting of the members of said Company, to be held at the time and place and for the purposes aforesaid, by publishing a notice thereof in the Daily Whig and Courier, a newspaper printed in said Bangor, two weeks successively, the last publication to be before the day of meeting. And have you there this warrant with your doings thereon.

Dated at Bangor the twelfth day of April, in the year of our Lord one thousand eight hundred and fifty-four.
F. L. HAMLIN,
Justice of the Peace throughout the State.

NOTIFICATION.
Pursuant to the foregoing Warrant, to me directed, I do hereby notify the members of said Kenduskeag Log Driving Company, to meet at the time and place and for the purposes aforesaid.

India Rubber Goods.
SPRING TRADE, 1854.
D. HODGMAN, *27 Maiden Lane* and *59 Nassau street*, invites the attention of his former customers and merchants generally, particularly Milldale Hunters, to his immense stock of India Rubber Goods, which he has now on hand and is daily receiving from his Factories, including
COATS, PIPE PRESERVERS,
CAPES, APRONS,
GLOVES, CARRIAGE CLOTH,
PANTS, PIANO COVERS,
OVERALLS, MACHINE BELTING,
LEGGINGS, ENGINE PACKING,
CAPS, CROTON HOSE,
KEEPING JACKETS,
and every description of Rubber Goods manufactured.

The reputation of my Goods for their superior quality is so well established as to render any further commendation entirely superfluous. It affords me great pleasure to inform Wholesale buyers of

Rubber Clothing,
that I am enabled to offer them inducements to purchase superior to what I have heretofore, and as I firmly believe superior to any that have been, or can be, offered them elsewhere.

Orders respectfully solicited and attended to with promptness and dispatch by

Important Bargains Offered.
LOTS of Land for Rural Dwelling Houses, with large Fruit and Vegetable Gardens, adjoining the city, mostly on the continuation of French St. and Broadway, and a street laid out, 75 feet wide, in the range with Broadway, (as it runs from State Street to the Park.) This street is laid out about 160 rods through my lands, extending over the west end of Mt. Pleasant. This land is north of and much higher than the Park, having a commanding view of the city and surrounding country.

Also, land for Cordwalling and Farming, on the new Stage Road to Oldtown running by Coombs' Mills, situate beyond and near the first considerable elevation, having a view of some part of the city on its western side. This land is considered as good as the farm on which I live, where I have raised over 40 bushels of wheat to the acre, (as may be seen on the books of the P. A. Society,) and oats, hay and potatoes in due proportion. Some judgment may be formed also of my land for Fruit Trees on my lot near the city, by examining my bearing trees and our Fruit Nurseries.

My land East of the Mills has a considerable growth of wood on it, and some timber for frames. We can go three times a day, it being one of the easiest roads running out of Bangor.

Liberal terms will be given on it, and the size of the lots made to suit purchasers.
N. HARLOW.
Bangor, March 25, 1854

☞ If any person, not advanced in life, should appreciate the probable results of a few years good business in Bangor, of purchasing land from an original lot, beginning at East Market Square, (the northerly part of Lot No. 68, Hollard's Plan, as referred to,) where three loading and improved streets are laid out passing into our great and important northern and western country, he can never do so. These streets will afford some of our finest seats for elegant Houses and valuable Fruit Establishments, without exception. It is only a strong wish to be relieved from part of my cares, and that of closing business of this kind which could induce me to sell at this time by the quantity,

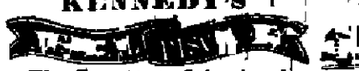
KENNEDY'S



The Greatest of the Age!

MR KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures *EVERY KIND OF HUMOR*, from the worst scrofula down to a common Pimple. He has tried it in over six hundred cases, and never failed in a single instance. He has now in his possession over two hundred certificates of its trial, all within twenty miles of Boston

Two bottles are warranted to cure a running sore mouth

One to three bottles will cure the worst kind of pimples on the face

Two bottles are warranted to cure ringworm in the head

Four bottles are warranted to cure the worst case of erysipelas

Two bottles are warranted to cure all humors in children

Two bottles are warranted to cure running ears and sore eyes

Four bottles are warranted to cure all diseases of the skin

One bottle is warranted to cure any case of headache in the head.

Four to six bottles are warranted to cure the most desperate cases of rheumatism.

Three to six bottles are warranted to cure scrofula.

Five to eight bottles will cure the very worst case of Scrofula.

A benefit is always experienced, even the first bottle, and a perfect cure warranted when the above quantity is taken

Nothing looks so appreciable to those who have tried it as the wonderful cures of the day as that a common weed, growing upon the pastures and along old stone walls, should cure every humor in the system, and it is now a fixed fact—

If you have the money to spare, and are sick, you can afford to be sick, but if you are poor, and have a family dependent upon your labor for support, you cannot afford to be sick, when a few bottles of this Sarsaparilla will restore you to perfect health.

Only one bottle

Let no one be induced to take Sarsaparilla, one bottle will cure it. It gives great relief in all cases of Liver Complaint, and in cases of Dyspepsia and Indigestion it will effect a cure in a few days. Some who have taken it have been cured in a few hours, after having been troubled for years, and have been pronounced by the most eminent physicians incurable.

Where the body is sound it works quite easy, but where there is any derangement of the functions of nature it will cause very singular feelings to the patient, sometimes a voracious appetite, at others a disgust for food, and a furred tongue, but in a few days after taking it, you will find a new person. I read some of the most extraordinary cures in print that ever came to hand.

No change of diet given except that the best you can get, and enough of it.

ROXBURY, Sept. 19 1853

This is to certify that H H HAY Druggist, Portland is the sole AUTHORISED AGENT for M'CRAE'S celebrated MEDICAL DISCOVERY or the SPAE OF MAN, and that he is supplied with the GENUINE direct from my Laboratory

No 6 Olive Street, opposite Kilby St.

BOSTON

UPON PAYMENT OF INFORMATION TO INVENTORS. The subscriber (late Agent of the U S Patent Office, under the Act of 1836) continues to procure patents for inventions in applying for his, as prior to these, filtered inventors by others has made advantageous contracts whereby on applications prepared and conducted by him FIFTY DOLLARS instead of twenty as paid by others will be required of him in case of failure to obtain a patent, and he will further charge nothing unless successful. An opinion as to patentability of inventions will be given gratis. Specifications and drawings prepared, and all necessary papers for securing inventions, and obtaining them speedily.

Inventors can obtain at this office the most extensive library of patents and correct information in relation to the various branches of mechanism, and the latest inventions, which will be found highly beneficial to them in forwarding their claims. The subscriber refers to the Hon Commissioner of Patents, and to the Editors of the Scientific American, New York, who are well acquainted with his standing and reliability as an agent.

All persons having business relating to patents will find it to their interest to call at this office, as no charge will be made for examining models, specifications, &c., previous to the application for a patent.

Models of inventions should be sent by Express, Forwarded to any part of the country, with the name of the inventor marked on them, and the express charges paid. Small models can be sent safely by mail.

All letters must be post paid, and contain a remittance or good reference, to ensure attention.
